Shivalik Public School

THE little Voyagers were taken as the theme for Shivalik Public School sector 78's first annual day, which was held in the SPS phase 6 Mohali auditorium. All of the school's students took part in the musical theatre, visual arts, and performances. They danced to the beat of several songs while narrating the play. The chief guest, Mrs. Gurkiranjit Nalwa, also launched the newsletter

for Sps 78 during the event. The pupils received awards, medals, and certificates. A vote of appreciation to all parents and everyone in attendance marked the end of the programme. Dr Rupinder Brar principal of the school conceptualized the whole act.

EVENTS, LAUNCHES, CELEBRATIONS

We work to foster a positive environment

What is your most interesting moment as the principal of the school and biggest challenge?
My favourite part of being a school principal is creating a positive environment for the children and influencing them to make their own decisions. The biggest challenge of this position is to ensure that the school is a safe and secure place for all students and staff.

Rupinder Brar, principal, Shivalik Public School.

What do you do to help students develop interest in science, mathematics, humanities and research?
I encourage students to explore their interests and passions. I provide them with resources and opportunities to learn and grow. I also encourage them to participate in extracurricular activities and competitions.

What initiatives should be taken to help students develop interest in science, mathematics, humanities and research?
I encourage students to explore their interests and passions. I provide them with resources and opportunities to learn and grow. I also encourage them to participate in extracurricular activities and competitions.

At what age do you encourage students to start thinking about career plans?
I encourage students to think about their future from a young age. I provide them with information and guidance to help them make informed decisions.

What should students do to be successful in their careers?
I encourage students to be hardworking, honest, and respectful. I provide them with the skills and knowledge they need to succeed in their careers.

How do you encourage them to explore their interests and passions?
